

ARKANSAS DEPARTMENT OF HEALTH

AWIN Radio Registration

Hospital and Long Term Care Programs

Please print clearly

Date - ___ / ___ / _____

Facility Name - _____

Facility Address - _____

City and County - _____ - _____

To facilitate interoperable communications between response agencies at all levels, AWIN radios are being deployed to health care facilities under the ADH Hospital Preparedness Program. It is acknowledged that the radio is property of the Arkansas Department of Health and subject to inventory tracking requirements of ADH. The facility will comply with Federal Communications Commission rules and AWIN system policies regarding correct use of the equipment, and take reasonable steps to prevent unauthorized access to or loss of the equipment.

Administrator - _____

Signature - _____ Date - ___ / ___ / _____

Person responsible for radio same as above if checked

Name - _____

Title - _____

Phone - _____

A signature of the responsible party for inventory tracking and to document basic user training will be required at time of radio delivery. For additional information contact the ADH Tactical Communications Specialist or your association leadership.
