AANAC's Resident Assessment Coordinator:

Certified (RAC-CT®) certification is the distinguishing characteristic of an expert in resident assessment. AANAC's RAC-CT program has long set the national standard for skilled nursing facility PPS and MDS education. More and more employers are requesting RAC-CT certified applicants in their job postings as it has become the mark of a professional who is committed to their career and residents. Constantly reviewed and updated by a team of experts, the RAC-CT program will help you to distinguish yourself as a valuable asset to any long-term care organization. In this program, you'll immerse yourself in clinical assessment and care planning, completion of the MDS, and the regulatory body surrounding the RAI/MDS process.
